The most important festival in Sichuan is Spring Festival. And my family members will come back to the home town—the small town in Sichuan. And we usually will have, we don't have dinner together, we will have the lunch on the Spring festival together. And we will play mahjong in my grandma's home. I think there is one thing very special in Sichuan is that we will prepare the smoked sausage.

四川最重要的節日是春節。我的家人會回到家鄉——個四川小鎮。通常,我們不會一起吃晚飯,但會在春節當日一起吃午餐。我們會在奶奶家打麻將。我覺得四川有一個很特別的地方就是我們會自己準備熏腸。

It's totally made by our own family, and you will decide when to prepare it and how to mix those materials to get a better... I forget. And the most important step is to smoke it. But now, because due to the environment issue, government tried to prohibit citizens to smoke sausages. But if you don't smoke it, it will get, it will not taste that good, I think.

熏腸完全是自己家做的,我們可以自己決定何時做以及如何混合這些材料以獲得更好的......我忘記了。最重要的一步是熏。但現在,由於環境問題,政府試圖禁止市民熏香腸。但如果不熏,我認為味道就沒有那麼好吃。

I think that's the most special thing that I can think of. We fire special wood—I don't know the English of it—and build a small house, put the sausages on top of it, and put the wood under it and use the smoke to. 我認為這是我能想到的最特別的事情。我們會燒特殊的木頭——我不知道它的英文名——然後蓋一座小房子,把香腸放在上面,把木頭放在下面,然後用煙來熏香腸。
