Andrew Parkin Cup Drama Competition: Team Profiles

For this year’s APC event, we are very excited that three teams are competing for the Cup. We are going to introduce the teams and their screenplays one by one in the coming weeks.

This week, we are presenting to you Team Greenstick Fractures and a short introduction to their screenplay ‘Midnight’.

Team Greenstick Fractures

Midnight (adapted from ‘Doctor Who’)
A group of people are stranded on a malfunctioned aerial bus Crusader 50 that tours across the planet Midnight – a planet known for being uninhabitable by all walks of life due to its radiation... or so they thought before they heard the questionable knocking outside. Just when they thought things couldn’t get worse, one of the passengers starts repeating what everyone else is saying. Indubitably, something sinister is lurking among the passengers as paranoia and fear rise within.

Still, that should be the least of their concerns as the situation puts their morality to their test, pushing everyone to the brink and forcing them to reveal their true characters.

Can’t wait to watch the wonderful performance by Greenstick Fractures? Online ticket registration is now open to ALL CUHK students and staff. Please invite your friends to come and join us on 30 May 2022 (Monday) at 2:30pm in Sir Run Run Shaw Hall. We look forward to seeing you!
